ABOUT ME

Computer Science student at Iqra University with an interest in Artificial Intelligence, NLP, and software development. Currently working on an industry-based Final Year Project in collaboration with SUPARCO - RESOLVE SOUTH to develop an Outlook-integrated AI dashboard for extracting tasks and deadlines from emails. Seeking opportunities to gain hands-on industry experience.

EDUCATION

- **BS Computer Science (BSCS)**
  Iqra University Karachi
  4th Year (In Progress) **CGPA:** 3.23/4.00

- **Intermediate (FSC – Pre–Engineering)**
  Government Boys College, Thatta (Hyderabad Board)
  Completed in 2022 **Marks:** 72%

- **Matriculation (Science)**
  Abdalian Academy, Karachi
  Completed in 2020 **Marks:** 89%

PROJECTS

- **Outlook Integrated Smart AI Project Management Dashboard**
  - Developing an AI-powered dashboard that integrates with Outlook to automate project management.
  - Utilizes AI and NLP to extract emails, track tasks, set reminders, and generate project insights.

  Industry-Based FYP | SUPARCO - RESOLVE SOUTH

- **Online Food Ordering System (DBMS)**
  - Designed and developed a database-driven food ordering system.
  - Implemented features including user management, menu management, order processing and reporting using DBMS concepts.
